### PROFESSIONAL EXPERIENCES

#### Frontend Developer | Full Time (Remote)

Koboaccountant Africa | Sept. 2023 – Present

- Built a webapp that bridges the gap between business owners with finance experts
- Integrates APIs to enable dynamic content delivery
- Collaborates with other developers to enhance the user experience of the application.
- Implements design principles such as typography and color theory to ensure font and color consistency across the app
- Utilizes Redux Toolkit to manage the application's state
- Developed the application using NextJS, Tailwind CSS, and TypeScript

#### Frontend Developer | Full Time

Krystal Digital Network Solutions | Oct 2021 – 2023

- Developed and maintained frontend interfaces for Laravel-based applications using Blade templating, ensuring responsive and user-friendly designs.
- Contributed to new website projects by building layouts and selected pages using Nuxt.js, collaborating with other developers to ensure smooth integration.
- Enhanced existing applications by implementing new features, resolving bugs, and improving UI/UX across multiple platforms.
- Worked closely with backend developers to ensure seamless data flow and component interaction in Laravel-based systems.
- Supervised frontend development interns by reviewing code, assigning tasks, and guiding them through best practices and project standards.
- Actively participated in code reviews, and team discussions to maintain high development standards.

#### Frontend Developer | Intern

9jaCode Tech LLC | April 2020 – Jan 2021

- Built a webapp for a Hospitality Monotechnic for displaying real-time information of the College. [Wavecrest College of Hospitality](#)
- Added an admin section to the webapp to enable admins to update the content of the website.
- Integrated APIs into websites to enable dynamic content delivery from third-party sources.
- Collaborated with other developers to enhance the user experience of websites.
- Implemented responsive design principles to ensure websites are mobile-friendly.
